

Compare PAC

Compare PAC to any of our competitors. Every part of the selection, design, installation, and operation of your home or business media center should be a pleasure. This is how we do it:

- Over 3-decades perfecting the design and installation of fine audio and video systems
- Full-time design staff
- Full-time programming staff
- Full-time engineer with 35-years of A/V experience
- Installation crews are full-time employees, not jobbers
- Dedicated service department (separate from installation)
- Mandatory continuing education and certification programs for all technical staff
- Average employee term of service far exceeds typical A/V companies
- Owner active in daily operation and client communication
- Brands chosen for performance and client-value
- Factory authorized dealer for all the products we offer
- Recognized members, CEDIA (Custom Electronic Design & Installation Association), ISF (Imaging Science Foundation), Chamber of Commerce
- Client surveys follow every project and help improve every step of our process.
- Our satisfied customers provide 80% of our new business through referrals and repeat purchase
- Staff are themselves A/V hobbyists who bring a genuine passion to each project
- Knowledgeable designers are your guide from product selection through installation, tutorial and client-for-life support.
- Lifetime installation warranty
- Free - twice yearly system check-ups for the first two-years of ownership
